CompactBLOT Mini Wet Blot System

Abdos introduces Mini Moulded Wet Blotting Transfer System, **CompactBLOT**, an Innovative and Feature rich modular design to run western blotting applications.

Modular Design

Smooth Cassette Locking

Holding Clips with every
Cassette

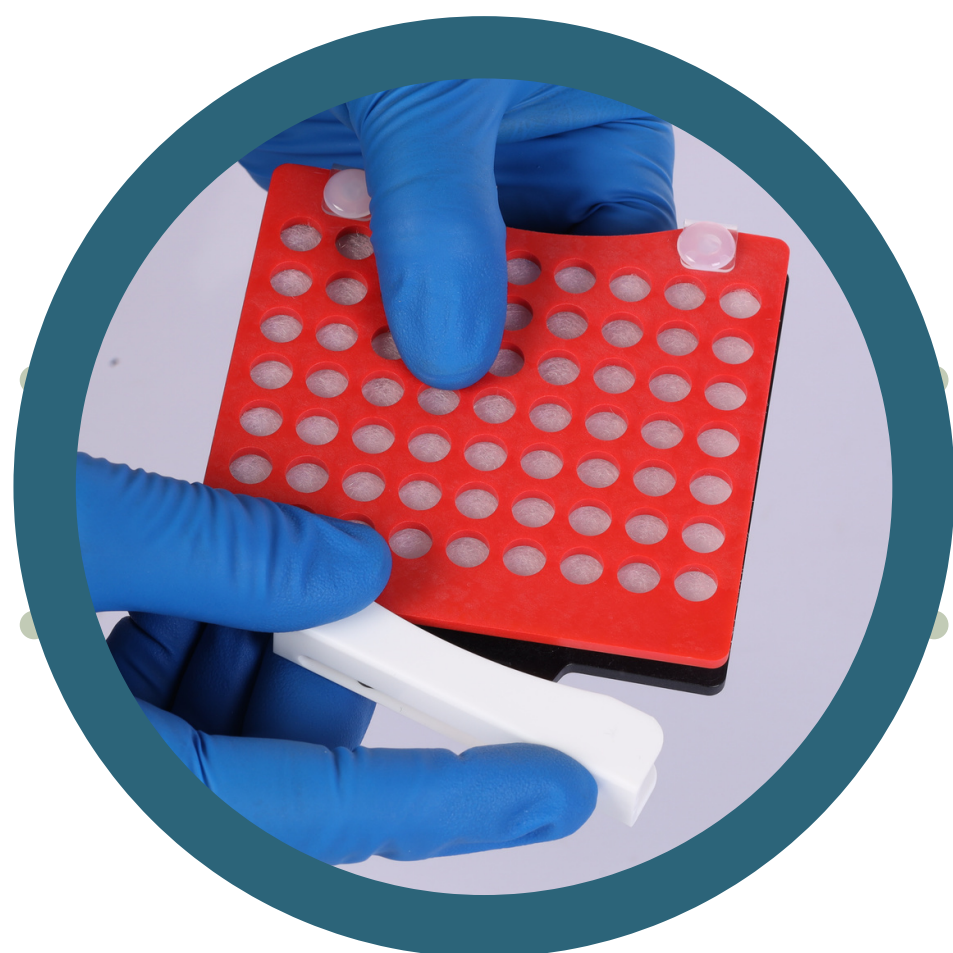

Single Moulded Tank with
Safety lid & Thumb Locators

COMPACTBLOT - FEATURES

Modular Design :

- Western Blot inner module is designed to be used with the same tank of CompactPAGE vertical electrophoresis.
- The same tank can be utilized for Vertical electrophoresis as well as for western blot transfer applications.

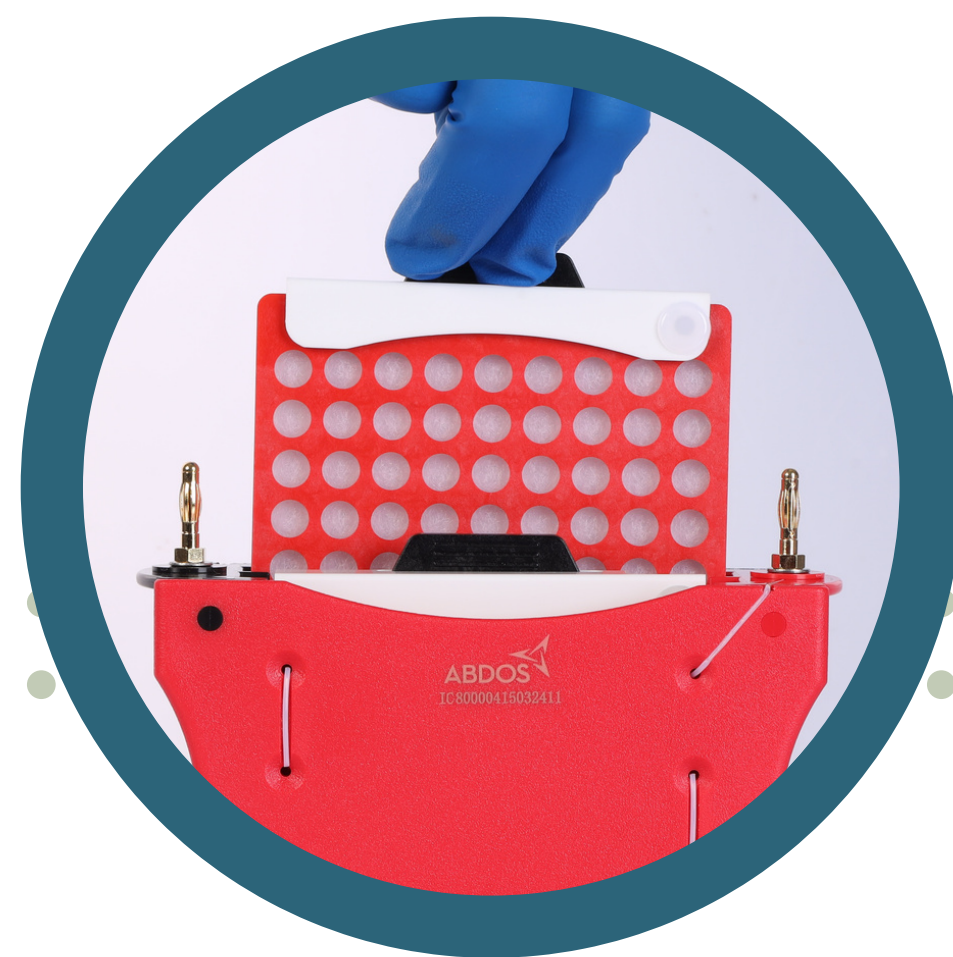

Smooth Safety Lock :

- Each Cassette pair comes with a smooth safety lock to easily open and close the cassette without disturbing the gel and membrane.

Holding Clips :

- The holding clip in the cassette helps the user to easily place or take out the cassettes from the module.

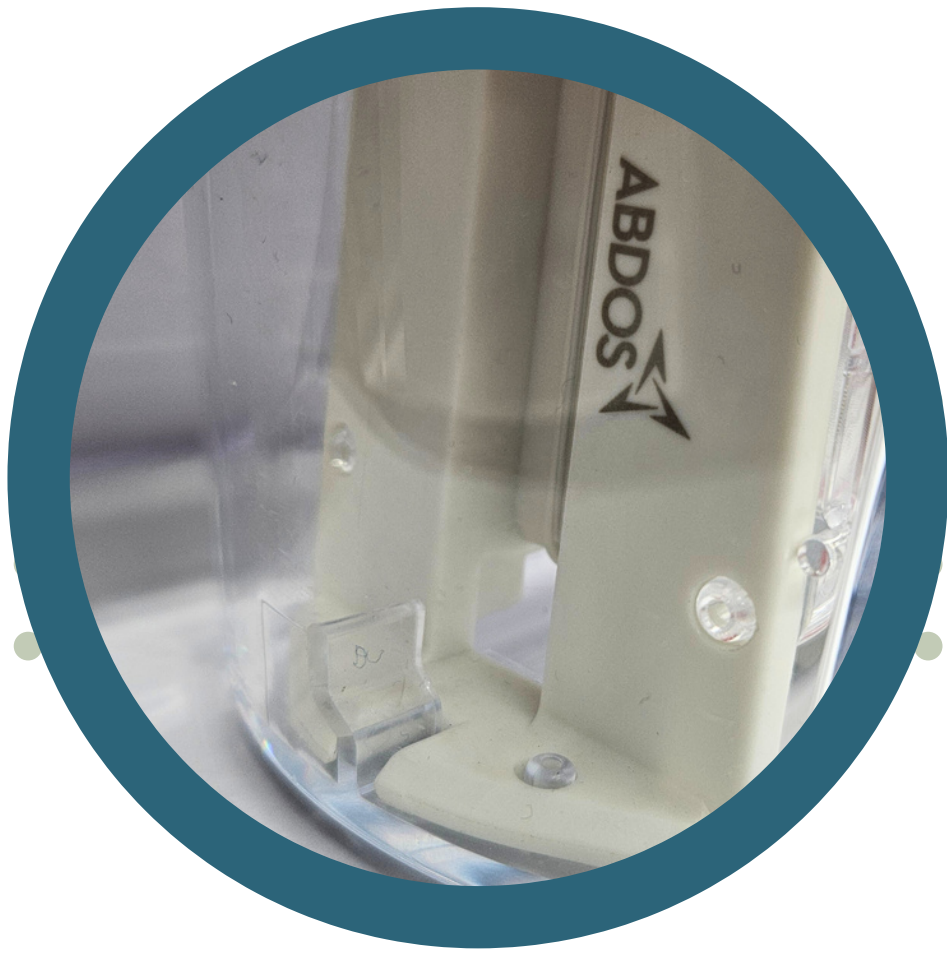

Lid :

- Single moulded lid for long life.
- Easily screw-able cable for safety and storage.
- Vented lid to maintain some amount of heat inside the tank and ensure no condensation on the lid.
- Lid fits only when the orientation is correct.

COMPACTBLOT - FEATURES

Tank :

- Single moulded tank is leakproof, light weight and long lasting.
- Small foot print for easy handling.
- Low buffer requirement design.

Tank base locking :

- Easy locking tank base design to fix the running module so it does not wobble.
- The locking also creates the handling easy for better orientation.
